

Answer of 10 by Xu Min

SIX

SIX

$$= P(j_n < 0.5nj)$$

5.

$$X \sim B(n; p); n = 200; p = 0.05$$

$X_i = 1$; use i in telephone $i = 1; 2; \dots; 200$

$$X = X_1 + X_2 + \dots + X_{200}$$

$$= 0$$
